Response Action

Dear Jim, Paul and Mike:

Enclosed to each of you is a proposed strategy for addressing the St. Louis Park soil and groundwater contamination problem which will be presented by the City of St. Louis Park's staff to the City Council next Monday. Also enclosed is the City staff's summary and interpretation of the Hickok Report which is presented in support of their recommendations. These documents were distributed by Dick Koppy at the St. Louis Park Working Committee meeting on January 7, 1982.

Very truly yours,
